- (6) There will be no other online classes during these review days i.e. from 13th July to 18th July 2020
- (7) 100% presence in these Learning Reviews will be highly appreciated for every single student, As these reviews will lead to us (School authorities and Teachers) towards a blended and remedial learning approach.

Recommendation and suggestion for students-

As you are going to attend **online Learning Reviews** from your home, we expect a fair and honest approach for giving your views. The prime vision of the Learning Review is to analyse your understanding level in every subject through online studies. If you will complete and submit your views in the given time, it will give a clarity to your teacher to understand your remedial needs.

Recommendation and suggestion for Parents-

As we are conducting online **Learning Review** for your ward, a fair response from his/her side will help us (Parents & School both) to know more about the studies done by the students in online pattern and help us (school authority and teachers) to make further upgradation in our online teaching approach. We highly recommend and suggest a 100% support from your end for the fair and smooth conduction of these online **Learning Review**.

Wishing You all a Joyful and Innovative Learning!
